

Code4Lib: a community of developers and technologists for libraries, archives, and museums. Our 2022 conference will be held in Buffalo, NY.

By sponsoring the conference, you can help level up your organization's technology!

**The Code4Lib Conference is ...**

- Single-track
- Growing - Last year's attendance grew by 73% over the previous two years and had a 4X increase of international attendees, due to the need for remote attendance. We look forward to continuing that growth in-person and online for years to come.
- An amazing opportunity for education and information exchange, with dozens of presentations and preconference sessions
- A good place to meet both practitioners and IT managers - 18% of attendees last year held job titles with Manager, Head, Lead or Director.
- Diverse in Attendance - Attendees join from academic libraries, public libraries, archives, museums, galleries, and library nonprofits.

**Benefits of sponsoring include...**

- Building new relationships with library and archive technologists... one of whom may be your next hire!
- Boosting brand visibility and awareness
- Establishing collaborations with other companies and individuals
- Gaining new ideas and innovations
- Promoting your services to potential clients
- Fostering a positive reputation

**Sponsorship opportunities include...**

- General Sponsorship Levels
- Diversity, Accessibility and Inclusion Sponsorships
- Exhibitor tables located in a high-traffic area
