Subject Collections

Medicine Collection

The Medicine Collection is a comprehensive and highly influential resource of cutting-edge medical research. More than 30 titles are ranked in the top 10 journals of at least one JCR category. This includes *Clinical Infectious Diseases* and *The Journal of Infectious Diseases*, two journals of the Infectious Diseases Society of America, which are ranked within the top 10 journals in Infectious Diseases. *The Journals of Gerontology, Series A* is ranked first in Gerontology.

Three journals of the European Society of Human Reproduction and Embryology are ranked first, second, and fourth in Reproductive Biology. *Human Reproduction Update* is of special note, being ranked first in both Reproductive Biology and Obstetrics & Gynecology.

The *European Heart Journal* is ranked first in Cardiac & Cardiovascular Systems with an Impact Factor of 23.425. It is joined in the top 10 journals in this category by *European Heart Journal - Cardiovascular Imaging*. These are just two of seven journals of the European Society of Cardiology that enhance the Medicine Collection by enabling better knowledge and practice in cardiology worldwide.

Neuro-Oncology covers all areas in its field and is ranked in the top 10 journals in the JCR category of Clinical Neurology. In 2019, it is joined in the Medicine Collection by another journal of the Society for Neuro-Oncology, *Neuro-Oncology Practice*, which has a clear clinical focus. Our 2019 additions also include the *American Journal of Health-System Pharmacy*, a widely respected title that covers contemporary drug therapy and pharmacy practice innovations.

Life Sciences Collection

Biochemistry to zoology, marine biology to microbiology – the Life Sciences Collection reveals the extraordinary scope of life on our planet. Our diverse range of highly cited titles includes the *Journal of Experimental Botany*, just one of many journals that are ranked within the top 10% of at least one JCR category.

The Life Sciences Collection includes five journals of the Federation of European Microbiological Societies (FEMS). This includes *FEMS Microbiology Reviews*, which is ranked within the top 10 titles in Microbiology.

In 2019, our world-class biological sciences portfolio is enriched by *Integrative Biology*, a distinctive interdisciplinary journal that pushes boundaries and opens up new areas of knowledge. 2019 additions also include the *Journal of Animal Science*, providing essential scholarship for animal researchers worldwide. Two of the top three journals in Ornithology also join in 2019, including the top-ranked title in this JCR category, *The Condor: Ornithological Applications*.

Humanities Collection

Our Humanities Collection features a wide range of specialized publications in history, philosophy, literature, linguistics, religion, music, and the arts. Partnerships with many pre-eminent societies – including the Organization of American Historians, the American Academy of Religion, and the Aristotelian Society – allow us to publish the latest and most influential research in the humanities.

Oxford University Press has a legacy of being a leading publisher of bibles and dictionaries, and this reputation of top-quality humanities publishing continues to the present day. *The American Historical Review* is now ranked first in History. It is joined in the top 10 journals in this JCR category by the *Journal of American History*, *History Workshop Journal*, and *Past & Present*. The Humanities Collection also includes *Applied Linguistics*, ranked third in Linguistics.

2019 sees the addition of *Shakespeare Quarterly*, the world-leading journal focusing on all aspects of Shakespeare studies. Published in partnership with the Folger Shakespeare Library, this prestigious journal furthers this collection's influence in humanities studies worldwide.

Social Sciences Collection

We work with prestigious scholars, societies, and associations – such as the International Studies Association, the President and Fellows of Harvard College, and The World Bank – to produce many of the highest-quality journals across the social sciences. For instance, the *Journal of Public Administration Research and Theory* is ranked in the top three journals in two JCR categories: Political Science and Public Administration.

The Social Sciences Collection includes an exceptional and diverse selection in economics and finance, including five of the top 20 journals in the JCR category of Economics. *The Quarterly Journal of Economics* is ranked first out of the 353 journals in this category. In 2019, *The Economic Journal* and *The Econometrics Journal*, two titles of the Royal Economic Society, enhance this world-class economics portfolio.

This exceptionally strong economics portfolio includes journals in applied economics. We publish two journals of the Agricultural & Applied Economics Association, both of which are ranked in the top 50% of the JCR category of Agricultural Economics & Policy. The *American Journal of Agricultural Economics* – covering the economics of agriculture and food, natural resources, the environment, and more – is ranked second in this category.

The Social Science Collection comprises far-reaching, critical, and highly cited content for scholars and policy-makers worldwide. It includes four journals of the International Communication Association, including two of the top 10 journals in the JCR category of Communication. The *Journal of Communication* is ranked second in this category.

Mathematics & Physical Sciences Collection

The Mathematics & Physical Sciences Collection includes leading journals in the fields of pure and applied mathematics, statistics, logic, computer science, astronomy, astrophysics, and medical physics. This collection encompasses a wide array of journals in established fields, as well as emerging fields such as human-computer interaction. *Briefings in Bioinformatics* and *Bioinformatics* are ranked second and third respectively in the JCR category of Mathematical & Computational Biology.

Our partnerships with distinguished societies include seven journals of the Institute for Mathematics and its Applications (IMA) that are included in this collection. *Information and Inference*, which joins in 2019, is a cutting-edge journal in the field of data science and information theory, advancing mathematical knowledge of Big Data. This innovative journal of the IMA is complemented by another 2019 addition to this collection, the *Journal of Complex Networks*, which appeals to a wide readership, from mathematicians and computer scientists, to biologists and physicists.

Law Collection

The Law Collection is an essential resource for scholars and practitioners across the globe. Our partnerships with prestigious legal organizations include *Arbitration International*, the official journal of the London Court of International Arbitration. The Law Collection covers areas of legal scholarship such as commercial, economic, and refugee law, as well as criminal justice.

Oxford University Press is the leading publisher of international law scholarship, and journals in the Law Collection reflect this exceptional reputation. In 2019, our coverage of international law scholarship is enriched by the *London Review of International Law*. Its critical scholarship, especially in the theory, history, and socio-legal studies of international law, make it an excellent addition to this collection.

The *Journal of Financial Regulation* is a pioneering journal that covers both advanced economies and emerging markets. It appeals to scholars in law and social sciences, as well as policy-makers, regulators, and practitioners worldwide.

A photograph of a modern library interior. In the foreground, there are wooden study carrels with high, light-colored wood paneling. The floor is made of light-colored wooden planks. In the background, there are tall, dark wooden bookshelves filled with books. The lighting is warm and focused on the carrels.
